### **Compassionate Breast Cancer Surgical Care**

**Breast Cancer Specialist Dr. William Gibson** is dedicated to the timely diagnosis and comprehensive treatment for all breast problems. He encourages patients and their families to take an active role in the decisions regarding cancer treatment and management.

Dr. Gibson partners with well-respected health care facilities to make the process of navigating breast cancer treatment easier for the women of East Tennessee. He is part of a multidisciplinary team of experts that conferences weekly to determine the best and most comprehensive ongoing plan for each patient's individual care.

#### **Some of Dr. Gibson's services include:**

- Oncoplastic techniques in breast-conserving surgery
- Partial breast radiation
- Minimally invasive and endocrine surgery

*"I am committed to giving each patient the knowledge and confidence they need to be an active partner in their breast cancer care."*
